## SHAMANIC JOURNEYING

The purpose of Journeying, as it is called, traditionally is for the purpose of gaining wisdom, learning important teachings, increasing our personal 'medicine', and seeking help and healing for others in our community.

Journeying does not conflict with anyone's religious point of view or sacred beliefs. It is one of the most ancient practices and is being researched and honored by professional therapeutic counselors worldwide.

Join us in the acoustical Peace Chamber for an amazing journey  
Friday Evening at 7pm . *Tuition \$35*

## MATURE WOMEN'S RITE OF PASSAGE

Join us on Saturday morning at 10 am for contemplation, earth-bonding, and full Ceremonial recognition, on land that powerfully embodies the Divine Feminine.

Our Westernized society has lost its age-old connection to Mother Earth. We are no longer honored publicly at the Community level as we pass from childhood to adulthood. These customs have fallen by the wayside as a byproduct of the Industrial Revolution.

We will re-connect with our Mother the Earth in this most beautiful location, share our stories with women who wish to hear and be heard, walk in ceremony to greet the Elders of the Four Directions, enter the Sacred Stone People's Lodge in gratitude and prayer, and feast together after emerging into the light of a new day. *Call today to RSVP... Space Limited Tuition \$85*

If you sense that this Rite of Passage is powerfully missing in your Earth Walk, act on your deepest wisdom and set aside this time for your Female Spirit.
